Greeting from the Headmaster

学术校长
Academic Headmaster
Paul Keatley

家长们、同学们、朋友们，作为爱迪学校的学术校长，我诚挚欢迎您来到爱迪！

爱迪学校创建于1999年，是中国国际教育的先行者之一，使得中国学生实现接受海外教育的梦想成为可能。在将近20年的教育实践中，爱迪培养出11000余名毕业生，展望未来，我们也将继续站在国际教育发展的最前沿。

爱迪始终致力于把最好的国际教育带到中国，使中国的学生不出国门就能接受到优质的教育，为他们将来的海外学习生活做好准备。伴随着世界的全球化进程，学生的国际视野变得前所未有的重要，这会使他们在未来更具竞争优势，取得更大的成功机会。

我们相信只有因材施教才能将教育的作用最大化，这是爱迪教育的一个基本理念。除了开展高质量的教学课程以外，我们明白要提供定制化教育，必须首先了解每个学生，既知道他们的天赋和兴趣所在，也要了解什么是他们的优势和不足，以便有针对性的进行培养。为了能做到这一点，爱迪一直保持着绝佳的师生比例，这样才能确保每个学生都得到老师的充分关注和他们所需的特别的帮助，接受最好的教育。

我们另一个核心教育理念是培养世界公民，赋予爱迪学生在世界上任何国家，不同文化中成功的生活，学习和工作的能力。这是学生理解全球关系和文化，取得持续的成功所必备的素质。与此同时，我们也坚信爱迪的学生应当拥有非常强的文化认同感，为自己身上流淌着中国的血脉而自豪，中国是他们的根，也是他们青少年时期度过美好时光的爱迪校园的所在地。

多年的教学成果证明爱迪学子不仅拥有超强的学术成就，在创造力、音乐、体育和艺术等方面同样令人惊艳。我们致力于培养兴趣丰富，举止文雅，具有高度社会责任感，全面发展的学生。爱迪有种类众多的学生主办和师生共建的社团，涉及公益、环保、商业、科学、艺术等多种主题。

爱迪多年的办学积淀，以及一直致力于打造中国教育行业排头兵的努力得到了国内外教育界的褒奖和肯定。在爱迪，我们为着我们的学校自豪，为我们能够为学生提供优质的教育和众多的机会而自豪！我非常期待并且欢迎您加入爱迪！

Parents, students and friends, as Academic Headmaster, I welcome you to Aidi School!

With a history dating back to 1999, Aidi is one of the original pioneers of international education in China, making it possible for Chinese students to realize their dreams of overseas education. Almost 20 years and more than 11,000 graduates later, I'm proud to say that we continue to be at the forefront of education.

Our vision at Aidi, has always been to bring the best international education programs to China and make them available to local students, preparing them for an international future. With the world becoming a more globalized place, our international vision of education is more important than ever, giving our students a competitive advantage and a greater chance of success in the future.

One of the cornerstones of Aidi's approach to education is the belief that to maximize the benefits of education, it has to be tailored to the individual. Apart from having a wide range of quality education programs, Aidi understands that to be able to provide such a tailored education product, you must first know each individual student; where their talents and interests lie, where their weaknesses need to be reduced and where their strengths need to be honed and built upon. To be able to achieve this, Aidi maintains an exceptional student to staff ratio, making sure that all students get the individual care and attention they need in order to get the best education possible.

Another core concept in our education philosophy is our focus on the creation of global citizens, students that can live, study, work and succeed in almost any country or culture on earth. However, whilst this is essential for the continued success of our students, and for improving global relations and cultural understanding, we also believe that our students should have a strong sense of cultural identity and be proud of their Chinese heritage. After all, China is where our students are from and it's also where our school, and its beautiful park-like campus, is proudly located.

Strong academics are important at Aidi, but so is creativity, music, sport and the arts. We aim to develop well-rounded students with fully-fledged, diverse interests, good manners and a realistic sense of social responsibility. To achieve this, we offer an exceptional range of special-interest and extracurricular activities, allowing students to try a multitude of different sports, arts and crafts, technology, music and other skills. We also have a large range of student and teacher-run clubs and societies, including charities, environmental awareness groups, entrepreneurial student businesses and various appreciation societies.

Thanks to our long history and the hard work we have put into making Aidi one of the top schools in China, I am happy to say that we receive a lot of recognition from both the local and international education community.

At Aidi, we are proud of our school and proud of the education and opportunities we provide to our students. I very much look forward to welcoming you to Aidi in the future.

Aidi Primary School is committed to providing the best foundation possible for each of our students, encouraging their natural curiosity and helping them to become life-long learners. Our dual curriculum approach, matching the key elements from the National and Cambridge International education systems, provides a platform for success. At Primary School we focus on developing good studying habits, building confidence, improving social skills and encouraging critical thinking techniques to give each student the best chance of achieving excellence. Going beyond academics, we encourage students' creativity and the development of new practical skills through a diverse range of special interest and extracurricular classes. This holistic approach leads to well-balanced students who can achieve academic excellence, but still enjoy the wonder of being a child.

课程设置 *Curriculum*

国内基础课程

Chinese National Curriculum

夯实基础知识，加强对汉语思维、汉语语法、中国文化礼仪的学习，养成良好的学习和生活习惯。在奠定母语文化基础的同时，对英语学习起到积极的推动作用。学校重视对学生体育精神及体能素质的培养，除常规体育技能学习外，还设有高尔夫、击剑、游泳、攀岩等项目，帮助学生理解竞技体育，培养运动精神。

Aidi's education philosophy puts a great deal of emphasis on the development of international talents – the creation of 'Global citizens'. However, we also believe that whilst it is always important to know where you are going, it is also very important to know where

you are from! By incorporating the core of the Chinese National Curriculum into our education system, we make sure that students from China are strong in their native language, culture, etiquette and history. This allows us to develop international talents that, at their core, are proud to be Chinese!

剑桥小学课程

Cambridge International Elementary Programs

培养学生对英语、数学、科学等相关科目的理解力，初步学习应用批判性思维，通过与话题和主题的结合，加强学生对课程深度的理解，并有助于提升国际视野。更加开放的学习氛围和多样的授课模式，为日后的中学阶段学习打下坚实的基础。

Part of Aidi's fifteen year education development system, taking students from kindergarten through to high school, is to make sure that students are prepared for an international future. By using the Cambridge International Elementary Programs, students can experience international learning tech-

niques and expectations in English, math and science. Apart from providing a fantastic foundation in English, by taking these courses, students are better prepared and able to adapt to international study in the future.

独具特色的校本课程

Unique School-based Courses

为丰富教学资源的多样性，开发每位学生的潜能，爱迪学校自主研发了一套适合小学阶段学生学习并能够得到广泛应用的艺术和科学课程。学校校本课程经过不断发展与沉淀，引导学生展现天赋，培养兴趣爱好，并通过专业指导在众多大赛中屡创佳绩。

学生可根据兴趣自主选课，学校为每门课程成立了专门的工作室，使用自编教材由专业老师指导，最大化地满足学生的个性发展需求。

In order to enrich our teaching resources and develop the potential of each student, Aidi School has independently developed a system of art and science courses that are suitable for primary school students and can be widely used. After continuous development and accumulation, these school-based courses are used to guide students to discover their talents, cultivate their interests and hobbies and show their excellence through various competitions and performance under specialized introduction and guidance.

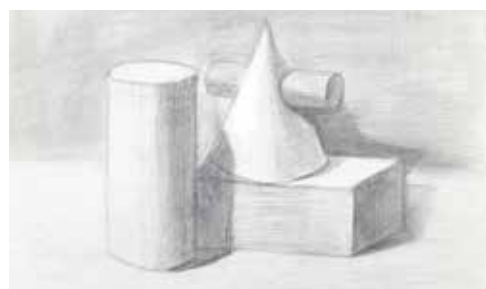

Students can choose the desired courses from their own interests. The school provides special studios for each course and uses self-edited teaching materials as well as appoints professional teachers who give guidance, which meets the students' need for individual development and cultivation.

超越课堂

Beyond the Classroom

我们坚信学习并不局限于课堂之上，学生可以在每周的固定时间参与学校组织的兴趣课程，作为教学体系的延伸，充分满足学生的求知欲和好奇心，帮助学生在实践中学到更多的知识、技能，拓展他们的无限潜力。兴趣课程的内容会定期根据学生阶段性的学习和身心发展诉求进行调整，在鼓励学生多进行尝试的同时，老师们也会支持学生对专项发展的深层需求。

A good education extends beyond the required subjects of the curriculum. At Aidi, we incorporate special interest classes into the timetable as an extension of our regular teaching system. Students can choose from a large range of classes (which are updated regularly according to demand and interest areas), allowing them to develop and gain practical skills in a more kinesthetic environment.
