G12 is an independent grade 12 program for students who are academically challenged when comparing with other courses, and these students can still receive solid preparation for universities. This program was established and developed in Beijing Beijing Aidi School in 2003, and is recognized by 72 universities around the world. The program offers two streams of study for students. Students can either choose the Commerce/Business stream or the Science stream. If students achieve the Global Y12 qualification, they are guaranteed a place in a suitable course at one of the universities. Due to the successful implementation and good reputation of the program, we have sent around two thousand students to our cooperating universities.

GA12 incorporates both Eastern and Western pedagogy into its teaching model, and commits itself to narrow the cultural gap for students. GA12 helps students deepen essential skills in critical reasoning and broaden students' knowledge base. GA12 is a pre-college program which represents a progressive and smooth transition to university curriculum where students achieve linguistic competency and acquire in-depth knowledge during the program to prepare for the rigors of university study afterward.

Our teaching content integrates Eastern and Western cultures, combining knowledge and practice. We inherit the tradition of Eastern traditional art and provide a comprehensive understanding of Western art. In course design, we emphasize the combination of theoretical appreciation and practical operation, allowing students to not only acquire theoretical knowledge but also strengthen and improve their skills through a large number of practical projects.

In addition to education, we also encourage students to actively participate in extracurricular activities such as clubs and competitions. 爱迪学校的K12表演艺术教育以音乐审美为核心，旨在在潜移默化中培养学生的艺术审美、健全人格和美好情操。表演艺术是爱迪全面教育的重要组成部分，通过音乐、戏剧、舞蹈、艺术创作等多种形式，引导学生全面发展。

在幼儿园阶段，表演艺术教育的主要目的是促进幼儿的感官发育，课堂上孩子们跟随老师走进丰富的艺术世界，想象来自生活和自然界不同的声音。在小学阶段，表演艺术教学是多元的，开设了多种表演艺术选修课，让孩子们体验不同艺术表现形式，激发孩子们的创造力和想象力，让每个孩子都能找到自己的兴趣和特长。在中学阶段，表演艺术的教学进入专业化学习，同学们在表演艺术课程中不仅学习掌握华语流行、欧美流行等多种演唱的技巧，也开始进行艺术的创作，更加注重个人表现和团队协作。在高中阶段，表演艺术课程是综合性的，并强调艺术在生活中的实际应用与创作实践，同学们也可以选择爱迪艺术高中音乐专业继续深造学习，将来作为职业的音乐从业者。

爱迪的每个学生都是独特的，他们以自己独特的方式学习音乐、享受表演、参与演出、表达内心。每位学生都能够找到自己感兴趣和擅长的领域，进行深度的学习和探索。爱迪的表演艺术教育除了课堂教学外，更注重艺术实践。每年举办的“嘉年华音乐会”、“新年音乐会”、“钢琴音乐会”、“毕业演唱会”等活动已成为每年小艺术家们最为期待的时刻，让学生通过表演和展示自己的才华和技能，从而提高自信和表达能力。

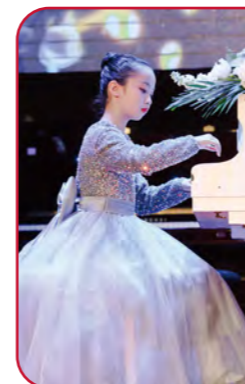

爱迪学校在表演艺术教育方面的持续努力和创新，为学生提供了更多元、更专业、更有趣的学习体验，为学生提供更好的发展空间和机会。也为每位学生的未来梦想和发展助力，成为他们追逐艺术梦想的坚实支撑。

The K-12 performing arts education at Aidi School is centered around music aesthetics and aims to cultivate students' artistic taste, sound character, and beautiful sentiments. Performing arts are an important component of Aidi's comprehensive education, guiding students to develop comprehensively through various forms such as music, drama, dance, and art creation.

During the kindergarten, the main goal of performing arts education is to promote sensory development in young children. In class, children follow their teachers to enter a rich artistic world, imagining different sounds from life and nature. In the primary school, education is diverse, offering various elective courses to students to experience different forms of arts, stimulating their creativity and imagination, and enabling them to find their interests and strengths. In the junior high school, performing arts education enters specialized learning, where students not only learn various singing techniques such as Chinese pop and Western pop but also begin to create art, emphasizing personal performance and teamwork. In the senior high school, the performing arts curriculum is comprehensive and emphasizes the application of art in life. Students can also choose to continue their music study by entering Beijing Aidi Art Senior High School to become professional musicians in the future.

Each student is unique and learns and expresses themselves in their unique way. Every student can find their own areas of interest and expertise to delve into and explore deeply. Besides classroom teaching, Aidi's performing arts education emphasizes on artistic practice. Annual events such as the "Carnival Concert," "New Year's Concert," "Piano Concert," and "Graduation Concert" are the most anticipated moments for young artists each year, allowing students to improve their confidence and communication skills.

Aidi School's continuous efforts and innovations in performing arts education provide students with a more diverse, professional, and interesting learning experience, as well as better development and opportunities, which lay foundation for them to pursue their artistic dreams.
